WEEKLY REPUBLICAN—1897.  
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., FRIDAY, OCTOBER 12, 1906.

ONE COPY—ONE CENT.

THE MAZARINE FARMER.

I used to like the old place,  
But now it ain't no use;  
It's laid out in artistic  
And it's tacky as the deuce;  
You see, I've been a-reading  
Till my eyes makes me green  
Of artistic agriculture  
In a farming magazine.  
It tells you how your pigpen  
Should be on esthetic lines;  
And your Looey fourteen housetop  
Should be draped in ivy vines;  
I'm going to sell the old place—  
Its architecture's burnt  
And I'll buy one of them dream-joints  
In that magazine, by gum!

I'll raise no crops plebian,  
But I'll put in plants and shrubs;  
I'll do no harvest sweating—  
Leave that for old-time dubs!  
I may not last a season  
'Fore I meet the Sheriff man,  
But I'm going to be a farmer  
On the magazine plan!

—Denver Republican.

Rev. John Harbourn has returned from Syard and will conduct the preparatory service tonight.

The Simple Simon Simple Company passed through the city yesterday morning en route to Paris.

Miss Sarah Thomas Cooke and Mr. Eraet Cromwell Cleveland will wed at Cyathiana October 16th.

Oh, yes; the shrewd advertiser knows a good thing when he sees it. Proof a-plenty in this impression of THE LEDGER.

What about the brick for Second street, and how are they to be placed along the line when work is once begun Monday morning up the street.

The report from Colonel David Hechinger is very encouraging this morning. He is doing fine and getting along as well as could be expected.

Each of the two Presbyterian Synods in session in Kentucky this week will be asked to provide \$40,000 with which to establish the Woman's College of Kentucky at Danville.

Prof. M. B. Mawborter, composer and publisher of music, rendered several of his latest pieces at the Opera-house Wednesday evening, which were accorded a generous approval.

Rev. Dr. Mauree L. Waller and Rev. John Harbourn have been in Louisville the past few days attending the meeting of the Kentucky Synod of the Northern Presbyterian Church.

Mr. and Mrs. W. M. Collins of Flemingsburg announce the marriage of their daughter, Miss Allie Collins, to Mr. Thomas Howard Talbott, at 12 o'clock, Tuesday, October 23d. Mr. Talbott recently moved to Fleming from Owen county, and is the Cashier of the Ewing Deposit Bank.

With the American Tobacco plant building, brick street improvement, Wall street sewer and other minor jobs, there is more work going on at this season of the year than was ever before known in the history of the city. Labor at the present time is at a premium and all a man has to do is to ask for it. Now is the time to make your Christmas money.

Work will be begun next week on the Wall and West Third streets sewer. An intersection will be made with the big sewer line at Dodson's corner and thence up Wall and out Third to Mr. W. H. Wadsworth's residence. A ten-inch pipe will be laid, which is considered large enough to drain the section traversed. When once commenced there will be no delay in the work.

The concert at the First Baptist Church last night by the Old Homestead Male Quartet was one of the most enjoyable ever given in this city. The program was excellent throughout, and the splendid voices of the quartet blended beautifully. The entertainment was in every respect what had been promised for it and the audience was delighted with the various selections.

## CAUGHT AT LAST

Walter Goods, Colored, Arrested For Murder Committed Here

Walter Goods, colored, charged with the murder of Sam Lindsay, colored, in Lexington street, this city, April 22d, last and who made his escape and succeeded in eluding the officers until last Monday, was arrested at Fifth and Central avenue, Cincinnati. He had been living at Longworth and Plum streets and was employed as a laborer.

He signed a waiver to requisition papers and was taken to Covington by Officer Hill of that city.

Goods was returned to this city yesterday by Detective W. J. Sanford of Covington and placed in jail.

His examining trial will be held this morning before Judge C. D. Newell.

Goods is only twenty years of age, powerful in build and weighs 211 pounds.

He admitted the killing to the officers. Now that he is in the hands of the law give him a speedy trial, and if guilty, as charged, let him suffer the penalty of his offense.

There was a \$100 reward offered by the Governor for his capture.

## 'T WAS A FROST

Not Much Enthusiasm at the Beckham Meeting Yesterday

Governor Beckham was here yesterday and received quite an ovation—from the ladies; but women folks do not count as a primary.

There was a great difference in the reception accorded the young Governor yesterday and the one he received here some years ago when a candidate for the office he now occupies.

Then it was that the men raved and went daffy over the boy candidate. It was not so yesterday. On the contrary, there was a chilliness and reserve noticeable about the whole affair.

When Judge Thomas R. Phister arose, and in his own pleasing and happy vein introduced the speaker, the lower floor of the Opera-house was perhaps two-thirds filled and the balcony contained a scattering few.

When Governor Beckham stepped forward there was the least ripple of applause and clapping of hands—from the fair sex.

The Governor was evidently expecting a frost, as he said in his preliminary remarks, "I thank you for the compliment of your coming here to hear me, when it is considered that I am in a hostile country."

He then went on to elaborate what a great and good man he was and what a dismal failure, as a statesman, his opponent, Senator McCree, was; what a dark blotch the Bradley Administration had left on the state escutcheon and so on down the line of his predecessors.

He flannet the bloody shirt, and told how fearlessly he had stood at the helm and kept the old ship of state from foundering in the political sea during the Gobel regime.

He accused Senator McCree of casting odium upon himself and his administration, when on the contrary it had been free from all contaminating influences.

He said the bulk of the wealth, intelligence and decency belonged to the Democratic party, and by its fruits it should be known. He posed as the champion of temperance and took unto himself the credit and merit of all temperance laws enacted by the last Legislature. In inference he said that he should be supported in order to refute the oft repeated charge that the temperance people will not sustain public officials when they stand for moral issues in face of the antagonism of the liquor interests.

If self praise is half scandal, then the Governor certainly sent himself up for life in his remarks yesterday.

He never once said a word about his \$60,000 gift to Captain Calhoun, or anything about his bosom friends, Harglees, Callahans and like ilk; none of that for Cripps.

The Governor's speech was great in a way.

At the close of Mr. Beckham's speech the Old Homestead Quartette rendered a selection, which proved the most pleasing feature of the afternoon.

Then the remarkable courtship began. Wolfe did everything a faithful lover would do. Neighbors reported that he was the most remarkable and loyal husband in the town of Bartlett. But the year slipped by, Mrs. Wolfe declared she still loved the other man, and Wolfe obtained the divorce and bade her good-bye forever.

As a recognition of gallant service in the Philippines in the face of fire, Major Paul F. Strath, a Surgeon of the United States Army, was presented a medal of honor by President Roosevelt. The presentation was in the White House and was attended by many prominent officers.

Prior to his retirement from active service from the office of Paymaster General of the Army, General F. S. Dodge completed his annual report. General Dodge says that in the nine years, from July 1st, 1897, to June 30th, 1906, embracing a period covered by the Spanish War and subsequent Cuban and Philippine service, \$379,620,400 has been handled by the Pay Department, all of which was accounted for without loss of a single dollar.

Never before in the history of the world has there been such a boom in building construction as is now taking place in the United States. Chicago is enjoying a boom without parallel in the history of that city. Baltimore has just been celebrating its remarkable rise from the ashes of the great fire. San Francisco bids fair to excel Baltimore's record. New York is constructing new skyscrapers representing investments amounting to \$100,000,000, while in the city and outlying boroughs builders are expending an average of \$150,000,000 a year in hotels, apartment houses, dwellings, etc. The total number of buildings throughout the country is close to 12,000,000, valued at nearly \$15,000,000,000.

GREW THIS HAIR  
And we can  
PROVE IT

MISS DOROTHY CLARK,  
2180 Grandview St., Chicago.

Put the scalp in an active and normal condition, and the hair will take care of itself every time. The scalp is the soil in which the hair grows. It, alone, governs the growth of the hair, and it must be kept fresh and healthy to insure a good crop of hair. The hair is a product of the scalp, and all the treatments in Christendom will do no good, unless they are specifically efficacious in the cure of the disease peculiar to the scalp. NOW at all drugists, three sizes, 25c, 50c, and \$1.00 per bottle. KNOWLTON DANDERINE CO., Chicago.

### Great Increase in Traffic During the Last Ten Years Is Shown.

Washington.—A bulletin issued by the department of commerce and labor shows that the trade of the United States with Mexico in the fiscal year 1905 aggregated in value \$92,000,000, as compared with \$31,000,000 in 1895 and \$18,000,000 in 1885. Of Mexico's total imports of merchandise 53 per cent. is drawn from the United States and of her total exports 71 per cent. is sent to the United States.

No other country except Canada draws as large a percentage of its imports from the United States as does Mexico, and no other country except Cuba sends as large a percentage of its exports to the United States as does Mexico. Estimates made by American consular representatives and others and by persons in the United States familiar with the subject, the bulletin says, indicate that fully a billion dollars of capital from this country is now invested in Mexico, Canada and Cuba, of which about one-half is in Mexico.

Imports from Mexico of sisal grass in 1905 amounted to nearly \$15,000,000 and of copper in various shapes to over \$15,000,000. The copper is brought here for smelting and refining processes and the extraction of the precious metal which it contains.

Iron and steel manufactures exported to Mexico in 1905 aggregated over \$12,000,000, out of a total of \$15,000,000 of exports.

### OSCAR'S PET DECORATION.

Swedish King Values Medal Won by Him for Stopping Dangerous Runaway.

Stockholm.—When King Oscar of Sweden sat for his official portrait he insisted on being painted as a man of office and called the artist's attention to a little cross on a tricolor ribbon which hung among many other decorations on his uniform. The artist was careful to give this little medal prominence.

In 1867, five years before he came to the throne, the then crown prince was walking alone beside the sea on a road which ended abruptly at a steep incline. Suddenly he heard cries of terror, and looking around saw two frightened horses galloping toward the cliffs. The crown prince sprang to the reins. For some yards he was dragged toward seemingly inevitable death, then he managed to bring the horses to a standstill.

The crowd that followed cheered the brave deed, but the modest monarch evaded it and continued his walk. For some time the identity of the rescuer remained a mystery, but finally it was discovered and to the crown prince was awarded a medal for bravery, which is now the proudest decoration he wears as king.

In the presence of sixty pupils of the South Euclid School in Cleveland Harry Smith shot and killed Miss Mary Shepherd, a teacher, who had refused to marry him. When about to be arrested at his home, two hours later, Smith shot himself through the head, dying instantly.

## Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read the experience of Miss Margaret Merkley, 275 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham:— "Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had diseased organs and ulceration, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the cases of other sick women as with Miss Merkley.

VINOL'S RELIABILITY

Prominent Physicians Join with Mr. Pecor in Recommending Vinol

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of more remarkable curative and strength-creating power than Vinol, for the weak, the sick and the aged, and that, if it fails to accomplish what we say it will, we will refund your money without question, it shows you our faith in the preparation.

Try Vinol on our guarantee.

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

MADE A MISTAKE

And It Lost Henkel & Sullivan a Big Cincinnati Contract

The mistake of contractors in writing "one fifty" in the dollar column instead of the cents, as evidently intended, caused the Cincinnati Board of Public Service to reject all bids for the improvement of Clifton avenue with granite paving at an estimated cost of \$77,000.

Henkel & Sullivan were the lowest bidders, and felt so sure of getting the contract that they banled craning up in Clifton avenue in order to start the work without delay.

The Board decided that the irregularity was sufficient to throw the bid out.

Other bids were too high and the Board rejected them all.

The opponents of free seed distribution say they will present to the next session of Congress an object lesson against free seed distribution. They allege they have proof that a Long Island farmer was sent no much worthless seed that he was compelled to burn practically all of it. A lot of the seed sowed from the burning will be presented to the House Committee as an object lesson.

A woman is as old as she looks, and a man is as old as he feels, is an old adage which had its exemplification in Iola, Kansas, when Judge Smith united in marriage Charles H. Lamper of Chanute, and Mrs. Lockett A. Watson of Humboldt. Mr. Lamper confessed to 82 years and the bride's age, as given Mr. Lamper, who probably didn't know anything about it except what she told him, was given at 59 years.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of Eczema with Cuticura Remedies. Prescribes Them and Has Cured Many Cases Where Other Formulas Have Failed.—Dr. Fisher Says:

CUTICURA REMEDIES POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, G. M. Fisher, M. D., Big Pool, Md., May 24, 1905."

CUTICURA—THE SET, \$1. Complete Treatment for Every Humor from Pimples to Scrofula

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal; and, lastly, take Cuticura Resolvent Pills to cool and cleanse the blood. A single set, costing but one dollar, is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin, scalp, and blood humors, with loss of hair, from infancy to age, when all else fails. Cuticura Soap, 25c, Ointment, 50c, Resolvent Pills, 50c. (In form of Cuticura Coated Pills, 25c, per box of 100, are sold throughout the world. Potter Drug and Chem. The delightful forecast of the world gone mad is held up to us by Dr. Forbes Winslow of London. "According to the statistical figures on insanity," says the Doctor in an interview, "it can be shown that before long there will be actually more lunatics in the world than sane people. The burning problem of the day is how to prevent this increase of insanity. What is the use of wasting time and energy on an education bill when we have before us this absorbing problem, the contention of an insane world to deal with?"

## MAY PRODUCE FUROR

### Local Druggist Secures the Celebrated Cooper Remedies

Will Maysville be affected with the same astonishing demand for the new preparations extolled by L. T. Cooper, as has visited St. Louis and the leading cities of the East?

The question is brought forth by the fact that a local druggist has secured the agency for the much-talked-of preparations that are producing such a furor, and about which the newspapers of the United States have devoted columns.

In fact a discussion of Cooper's preparations and the unheard of demand for them wherever introduced has appeared in a greater part of all the leading dailies of the country.

The recently published statement of the manager of the Wolf-Wilson Drug Co. of St. Louis, which appeared in The Post-Dispatch and Globe-Democrat of that city, would seem to indicate that with no exception these preparations produced the same results in all sections, regardless of what pressure is brought to bear against the medicines.

His statement is as follows: "This talk about St. Louis going mad over Mr. Cooper is absurd. If his preparations did not do all that is claimed for them there would be no demand. Mr. Cooper has nothing whatever to do with it."

"The idea that his personality has something to do with the sale of his medicines, and that the people of this city only imagine they have been benefited is too far-fetched to be seriously considered."

"One physician says the people have a disease called 'Cooper-mania.' This may be clever, but it certainly is not true."

"I have sold these preparations on trial ever since Mr. Cooper made my store his headquarters. Anyone can receive whatever they pay for the preparations instantly if they are not satisfied. If the people are infatuated with Mr. Cooper, as is claimed, and therefore buy his medicines, why don't they come and ask for their money after they have taken them? Out of the thousands of bottles we have sold almost none have been returned."

"As a matter of fact, St. Louis is no exception to the immense demand for these preparations. Before Mr. Cooper came to this city, I received letters from leading druggists throughout the East telling me that wherever he goes his preparations are sold almost to the exclusion of all others."

"Every city in this country where these medicines have been introduced has had the same experience as St. Louis. This ought to be proof positive that the people know what they are about."

In the light of this statement it will be interesting to see how these preparations are received in Maysville.

### DECIDE YOURSELF.

The Opportunity Is Here, Backed By Maysville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville indorsement. Read the statements of Maysville citizens. And decide for yourself. Here is one case of it:

Mrs. Mary Thomas, wife of J. A. Thomas, of 204 Limestone street, Maysville, Ky., says:

"I am only too pleased to confirm the statement I made in the spring of 1900 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them at J. Jas. Wood & Son's Drugstore. During the years that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. The relief he found has proved lasting and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."
